PROJECT STATUS

Completion: 102.23%

| Highlights | Concerns |
|---|--|
| We've completed our sprint goal and followed kaizen. | During the sprint, we had to take an unplanned story. |
| Closed Defect stories within SLA Date. | We spent more time on the research story than initially estimated. |
| Alexandra helped us a lot with all the UI/UX stories. | |

Product Vision Statement: The extensive website solution every local government can count on for their ever-changing and unique needs.

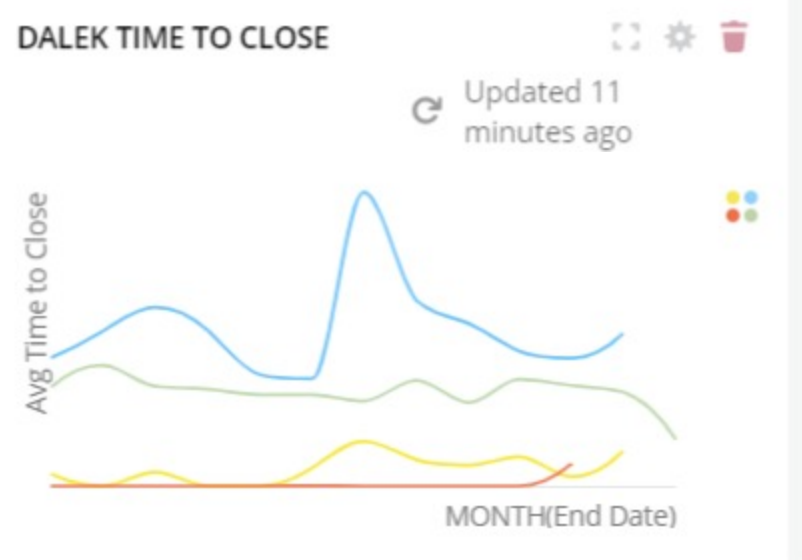

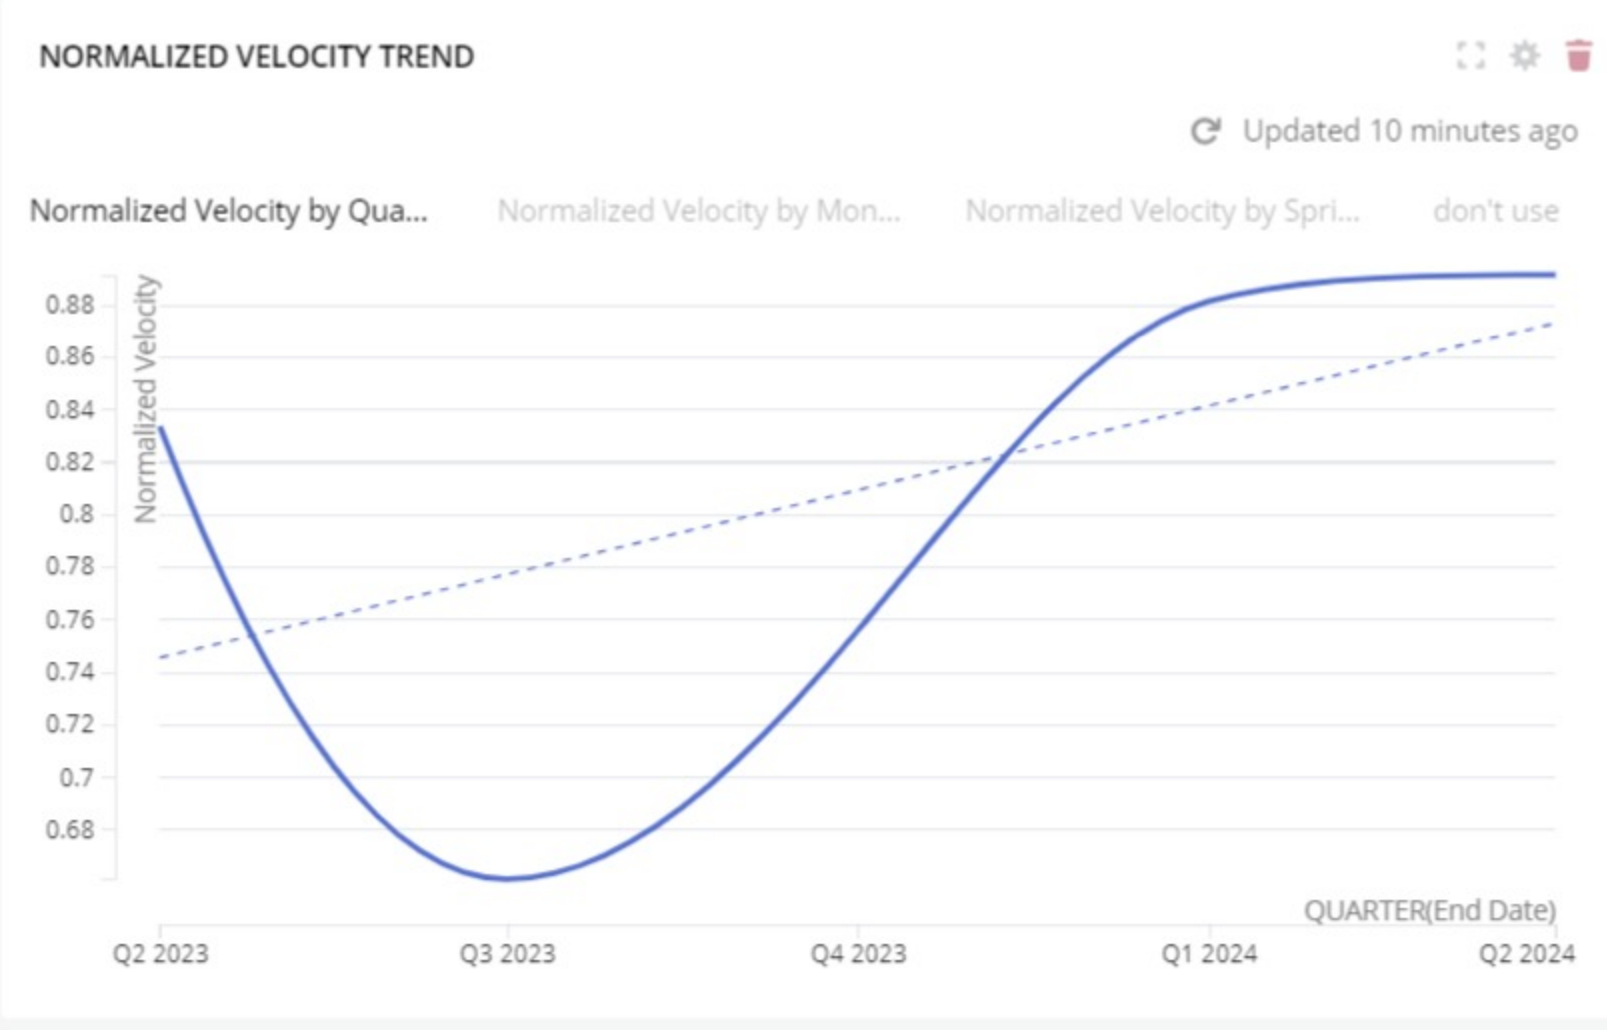

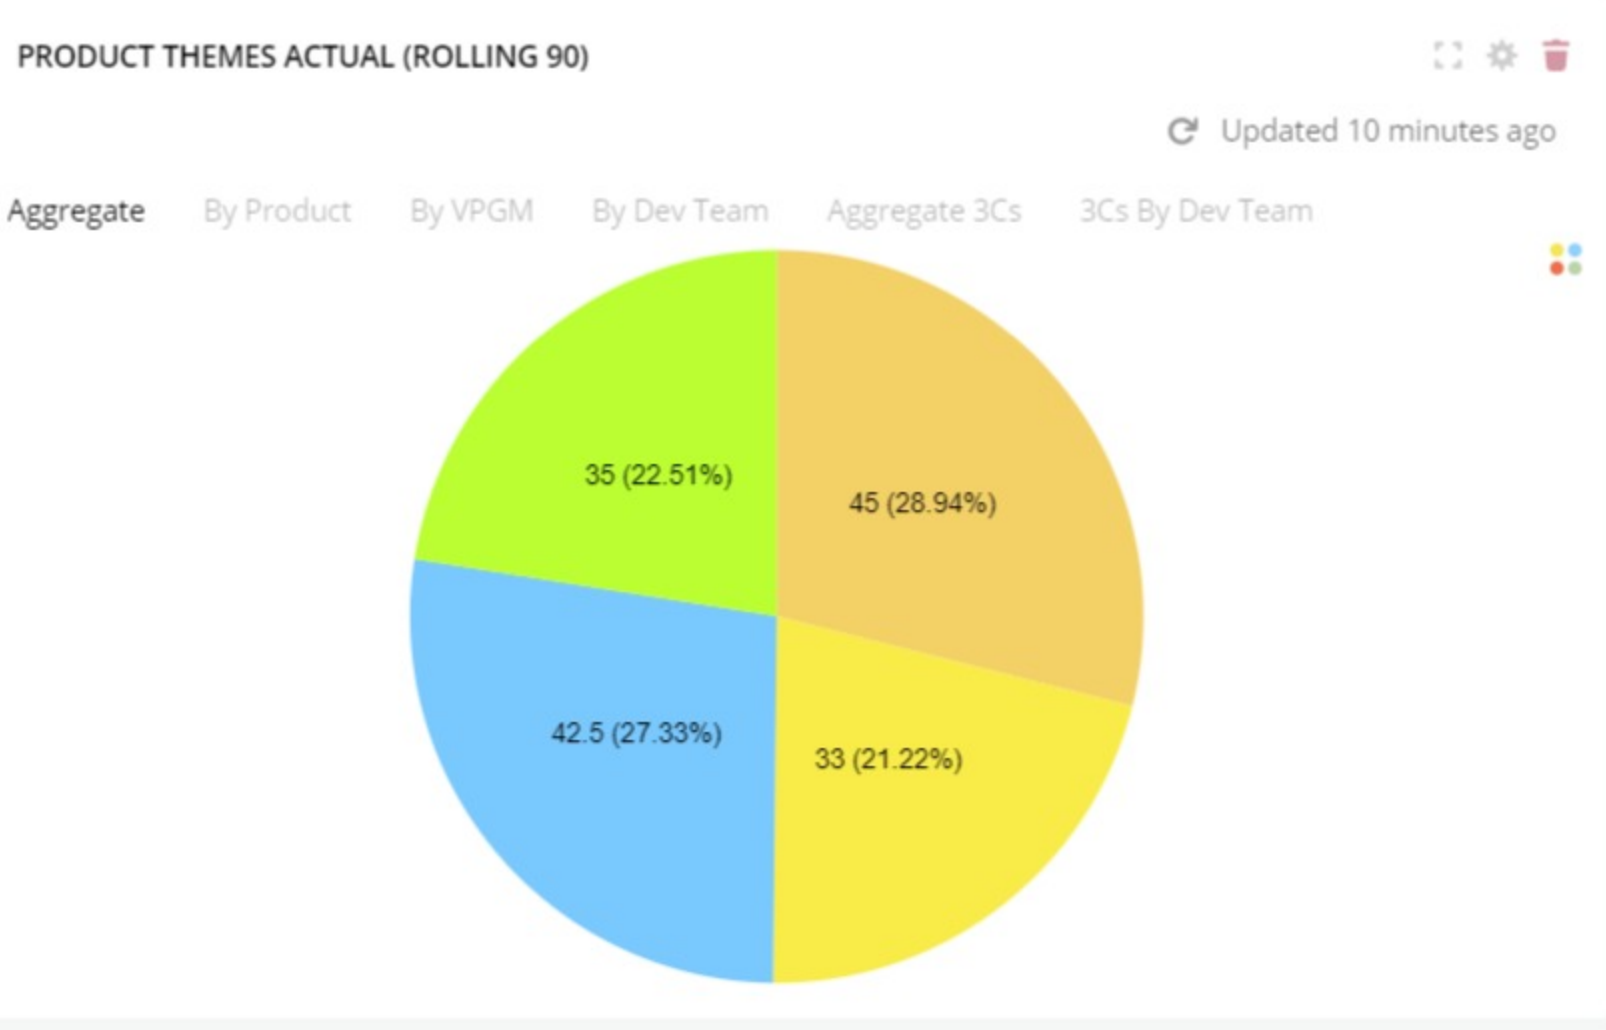

Expanded Vision Description: Simplifying website management with a trusted and guided experience through extensive functionality that's flexible for all local governments and departments while also amplifying citizen engagement through award-winning website designs and exceptional citizen interactions.
